Mr. Thorpe Waddingham  
Attorney At Law  
Delta, Utah

Re: Richfield Irrigation, et al.  
(A to L Users) vs. Deseret Irrigation,  
et al. (Sevier Bridge Cooperators)

Dear Thorpe:

Please excuse my neglect in getting to the matter of a formal Stipulation to implement our previous correspondence and verbal negotiations and discussions.

I am enclosing a proposed Stipulation which I would like to have you examine and, sign if it meets with your approval.

I am enclosing two extra copies so that if you approve of this you can execute the original and one and retain a copy for your files which I have signed.

If you wish to have your copy fully executed, you could then circulate it to Ed Clyde and to Dallin Jensen.

As usual we are pressed for time because the critical period for resolution of these issues will be entered upon in about two weeks.

I would appreciate it if you would call me in the event you have any objection.

Thanking you for your courtesy, we remain

Yours very truly,

OLSEN AND CHAMBERLAIN

By

Ken Chamberlain
